Introduction

Curricular feedback is regularly collected from different stakeholders of the institution to ensure consistent improvement in the teaching –learning process. The institution adopts offline method for collecting feedback. The IQAC ensures the timely collection and analysis of the feedback collected. Results are communicated to various parties of interest for taking actions if required.

The feedback committee is constituted by IQAC, and this committee initiates the process of feedback collection. The feedback from teachers and students was collected. Feedbacks collected were analysed using quantitative methods and the results were presented as a report before the management and principal for further actions. Comparison of feedback results with the previous years has helped the institution in continuously improving the teaching learning process.

The detailed analysis of results and action taken report is presented in the next sections.
